Education

Xi'an Jiaotong University, *Young Gifted Program*, Qian Xuesen Honors College 2021.09 – 2023.06
Ranked 17/234 (Top 8%), Third-Class Scholarship of Xi'an Jiaotong University

Xi'an Jiaotong University, *AIH Experimental Class (Outstanding Talent Program)*, Qian Xuesen Honors College 2023.09 – 2027.06

GPA: 92.48/100, Rank: 5/65 (Top 10%, first five semesters) National Scholarship, Shuiyou First-Class Scholarship (Top 4 university-wide), Outstanding Student (twice), College Innovation and Entrepreneurship Award, College Academic Research/Competition Award

Selected Courses: Generative AI and Large Language Models (99), DSP (99), NLP (96), AI-System (96), CV (95) | English: CET-6 (575)

Competitions and Awards

- Mathematical Contest in Modeling (MCM, USA): **Meritorious Winner** (2024), Honorable Mention (2023)
- National College Student Mathematical Contest in Modeling: **First Prize in Shaanxi Province** (2023, 2024, 2025)
- ICPC Shaanxi Provincial Contest: **Silver Medal** (2025), Bronze Medal (2024)
- 9th National Lidar Conference Point Cloud Intelligent Analysis Competition: **Second Prize** (2025)
- China Mobile AI+ University Innovation Program, AI Track: Third Prize; the only finalist team from Northwest China (2024)

Research / Internship Experience

Xi'an Jiaotong University | Research Group of Associate Prof. Xiangyong Cao, Remote Sensing Multimodal Interpretation Mentor: Xiangyong Cao

- DescribeEarth: Describe Anything for Remote Sensing Images*, Kaiyu Li*, **Zixuan Jiang***, Xiangyong Cao†, Jiayu Wang, Yuchen Xiao, CV Meng, Zhi Wang, *arXiv* 2025
 - To address the coarse-grained limitation of existing remote sensing interpretation, we introduced the Geo-DLC task for object-level fine-grained interpretation, and built the first object-level fine-grained dataset *DE-Dataset* and benchmark *DE-Bench*.
 - We proposed *DescribeEarth*, a multimodal large model with a *scale-adaptive focal strategy* and a *domain-guided fusion module*. It achieves SOTA on **DE-Bench** and significantly improves fine-grained feature understanding.
- Annotation-Free Open-Vocabulary Segmentation for Remote-Sensing Images*, Kaiyu Li, Xiangyong Cao†, Ruixun Liu, Shihong Wang, **Zixuan Jiang**, Zhi Wang, Deyu Meng, *arXiv* 2025
- Advances in Open-Vocabulary Perception for Remote Sensing Images*, Kaiyu Li, Xiangyong Cao†, **Zixuan Jiang**, Deyu Meng, *Chinese Journal of Image and Graphics* 2026
- The Second Challenge on Cross-Domain Few-Shot Object Detection at NTIRE 2026: Methods and Results*, Xingyu Qiu, Yuqian Fu, Jiawei Geng, Bin Ren, ..., Kaiyu Li, Bowen Fu, Zixuan Jiang, Ke Li, Hui Qiao, Xiangyong Cao, ..., *CVPRW* 2026

Shanghai Jiao Tong University | Cross-Media Language Intelligence Lab (X-LANCE), Speech Interaction and Speech Multimodality Mentor: Xie Chen

- Towards Human-Like Interactive Speech Recognition With Agentic Correction and Semantic Evaluation*, **Zixuan Jiang***, Yanqiao Zhu*, Peng Wang*, Qinyuan Chen, Xinjian Zhao, Xipeng Qiu, Wupeng Wang, Zhifu Gao, Xiangang Li, Kai Yu, Xie Chen†, *arXiv* 2026
 - We propose *Interactive ASR*, extending one-pass ASR into an interactive system with user feedback and semantic correction.
 - We propose *Agentic ASR*, a agent-based framework enabling interactive speech recognition.
 - We develop semantic consistency metric S^2ER and a simulation framework *ISS* for evaluating Interactive

ASR.

- *Interactive ASR: Towards Human-Like Interaction and Semantic Coherence Evaluation for Agentic Speech Recognition*, Peng Wang*, Yanqiao Zhu*, **Zixuan Jiang***, Qinyuan Chen, Xingjian Zhao, Xipeng Qiu, Wupeng Wang, Zhifu Gao, Xiangang Li, Kai Yu, Xie Chen†, *arXiv* 2026

Project Experience

- **MotionPilotX: Motion-Aware Intelligent Drone Control System | Undergraduate Innovation and Entrepreneurship Project** **Mentor: Longjun Liu**
Role: Project Lead | Keywords: object detection, motion-pose regression, UAV control, software-hardware co-design
 - Designed a real-time object detection and motion-pose regression model based on YOLOv11, and deployed it on the Orange Pi RK3588 embedded platform for onboard perception and control.
 - **Award:** Bronze Prize in the Entrepreneurship Track of the Tengfei Cup Innovation and Entrepreneurship Competition at Xi'an Jiaotong University.

Service and Leadership

- Head of the Scientist Spirit Drama Troupe, Student Union of Qian Xuesen Honors College, Xi'an Jiaotong University (2025)
- Member of the AI Study Group, Qian Xuesen Honors College; gave a talk and joined technical discussions on LLMs at the DeepSeek Youth Exchange Event.
