

Zixuan Jiang (Andrew)

Multimodal Large Language Models & Human–Computer Interaction

andrewjiang@stu.xjtu.edu.cn | (+86) 13913550425 | anxmuy.github.io

Education

Xi'an Jiaotong University

2023.09 – 2027.06 (expected)

AIH Experimental Class, Outstanding Talent Program | Qian Xuesen Honors College

Cumulative score: 92.26/100 (first five semesters); **94.78/100** (first six semesters).

Rank: 5/66 (Top 10%, unchanged across both periods).

Selected courses: LLM 99, DSP 99, NLP 96, RL 96, CV 95. English: CET-6 575.

Young Gifted Program, Xi'an Jiaotong University

2021.09 – 2023.06

Qian Xuesen Honors College | **Rank:** 17/234 (Top 8%)

Research Experience

Xi'an Jiaotong University | School of Computer Science

2024.09 – Present

Mentor: Xiangyong Cao, Associate Professor, PhD Supervisor

- **Remote sensing multimodal interpretation.** Co-first-authored DescribeEarth, accepted by **ISPRS P&RS**. Introduced the Geo-DLC task, DE-Dataset and DE-Bench for object-level fine-grained interpretation, with scale-adaptive focal and domain-guided fusion modules.
- **Open-vocabulary perception.** Contributed to OVEarth-Bench, annotation-free segmentation, a survey accepted by Journal of Image and Graphics, and the NTIRE 2026 cross-domain few-shot detection challenge report.

Shanghai Innovation Institute & Shanghai Jiao Tong University

2025.12 – Present

X-LANCE Lab | Mentor: Xie Chen, Associate Professor, PhD Supervisor

- **Agentic speech recognition.** Co-first-authored AgenticASR for final-intent-preserving audio-to-clean-text recognition; decoupled ASR–Refiner for bilingual online/offline refinement. AASR-Bench: **6,637 atomic rubrics**.
- **Interactive ASR.** Studied user feedback and semantic correction beyond one-pass ASR; developed semantic evaluation using the S²ER metric and ISS simulation framework.
- **Audio generation and editing.** Participated in benchmark design and construction and Agentic Prompt Enhancer design for the Tencent Hunyuan AuK project. Co-authored AuK and MMAE.

Honors & Competitions

- **National Scholarship** (2025); **Shuiyou First-Class Scholarship**, Top 4 university-wide (2024); Outstanding Student (2024, 2025); Third-Class Scholarship (2023). College awards: Innovation/Entrepreneurship and Academic Research/Competition.
- **Grand Prize**, Speech OPC Innovation & Entrepreneurship Competition (2026): VibeXASR, with Jun Guo, Tao Liu and Chonghao Cai. vibexasr.speech.wiki
- **ICPC Shaanxi:** Silver (2025), Bronze (2024). **National Lidar Conference point-cloud competition:** Second Prize (2025).
- **National mathematical modeling contest:** Shaanxi First Prize (2023–2025). **MCM:** Meritorious Winner (2024), Honorable Mention (2023).
- **China Mobile AI+ University Innovation Program, AI Track:** Third Prize (2024); the only finalist team from Northwest China.

Project & Student Leadership

MotionPilotX – Motion-Aware Intelligent Drone Control

2025.09 – 2026.06

Project Leader | Undergraduate Innovation and Entrepreneurship Project | Mentor: Longjun Liu

YOLOv11-based object detection and motion-pose regression on Orange Pi RK3588 for on-device UAV perception/control. Bronze Prize, Tengfei Cup Entrepreneurship Track, Xi'an Jiaotong University.

Student Leadership. Head of the Scientist Spirit Drama Troupe, Qian Xuesen Honors College Student Union (2025); AI Study Group member and speaker on LLMs at the [DeepSeek Youth Exchange Event](#).

Selected Publications

* Equal contribution. Author lists may be abbreviated; complete lists are available in the linked papers.

Remote Sensing Image Interpretation

DescribeEarth: Describe Anything for Remote Sensing Images (ISPRS P&RS · SCI District I Top · IF 12.4, accepted)

Kaiyu Li*, **Zixuan Jiang***, Xiangyong Cao†, Jiayu Wang, Yuchen Xiao, Deyu Meng, Zhi Wang

The Second Challenge on Cross-Domain Few-Shot Object Detection at NTIRE 2026: Methods and Results (CVPRW 2026)

Xingyu Qiu, Yuqian Fu, Jiawei Geng, ..., **Zixuan Jiang**, ...

Advances in Open-Vocabulary Perception for Remote-Sensing Images (Journal of Image and Graphics, 2026, accepted)

Kaiyu Li, Xiangyong Cao†, **Zixuan Jiang**, Deyu Meng

Agentic Speech Recognition

AgenticASR: Refining Speech Recognition in Real-World Scenarios via an Agentic Approach (AAAI 2027, under review)

Zixuan Jiang*, Binghao Qiang*, Jiaying Chi*, Yanqiao Zhu, Kai Yu, Xie Chen†

Towards Human-Like Interactive Speech Recognition With Agentic Correction and Semantic Evaluation (TASLP, under review)

Zixuan Jiang*, Yanqiao Zhu*, Peng Wang*, ..., Xie Chen†

Audio Generation & Editing

AuK Technical Report: An Open-Source Foundational Model for Speech Generation and Editing

Ziyang Ma, Zhikang Niu, Wenming Tu, ..., **Zixuan Jiang**, ..., Xie Chen

MMAE: A Massive Multitask Audio Editing Benchmark

Ziyang Ma, Ruiqi Yan, Ruiyang Xu, ..., **Zixuan Jiang**, ..., Xie Chen
